

Appendix B

Commonwealth of Virginia Database Index Reporting System	
1. Public Body Name & Numeric Code Virginia Department of Transportation Code: 501	4. Point of Contact: Roy Holte 5. Phone Number: 786-2817
2. Database Title: Bridge Management System	6. Signature & Date: <div style="text-align: center; font-size: 1.2em;">  </div> <div style="text-align: right; font-size: 1.2em;"> 2/14/01 </div>
3. Database Acronym: BMS	
7. Database Description and Contents: <i>(Provide a brief narrative summary of the purpose for which the database is maintained in support of the business of state government and a description of the general contents of the database. Indicate known restrictions to public access.)</i> Bridge Management is a systematic approach to managing bridge systems. To assist in this management, a software package, Pontis, was developed by FHWA (Federal Highway Administration) and AASHTO (American Association of State Highway and Transportation Officials) to support bridge management. The database contains numerous tables containing such information as inspection data, element definitions, feasible actions, costs, deterioration rates, project level information, functional improvement information.	
<i>Note: Specific information relating to data fields, record/table layouts, and known restrictions to public access is maintained by the public body. Please contact the point of contact noted in item 4 for further details.</i>	
8. Date of Last Update: February 2001	9. Frequency of Update: ___ Daily ___ Weekly ___ Monthly <u> X </u> Other:
10. Formats Available and Schedule of Fees: <i>(Provide a description of each format in which the database is made available and the cost, if any, of each format.)</i> N/A	
10a. Formats: N/A Proprietary Software	10b. Format Cost: N/A
